Qualified retirement plans, deferred compensation plans and individual retirement accounts are all different; there may be taxes and fees incurred when transferring assets. Also, amounts rolled into your deferred comp plan from another eligible retirement plan will be maintained in a separate rollover account and may be subject to early withdrawal penalties. Investing involves market risk, including the possible loss of principal. KDC Retirement Specialists are Registered Representatives of Nationwide Investment Services Corporation, member FINRA, and employees of Nationwide. KDC representatives cannot offer investment, tax or legal advice. You should consult your own counsel before making retirement plan decisions.
